

ProLimiterator®

Hundreds of Inns are using ProLimiterator Sunshine to easily convert smoking rooms to non-smoking.

Easily convert smoking to non-smoking rooms

Works on three levels and chemically alters the odor source

ProLimiterator's fast action immediately consumes odors. Second, it eliminates them permanently by changing the molecular structure of the source. Third, your guests will love the fresh and clean air sensation without a trace of smoke or odor.

Restrooms

Mix 4 oz. to each quart of cleaning solution and spray or mop onto any restroom surface.

Waste-baskets

Mix 4 oz. to each quart of water and mist with a trigger sprayer.

ProLimiterator is

also an all purpose general cleaner. Use it for the daily housekeeping of all surfaces and areas. Costs less and works better.

Carpet cleaning

Chemeisters is also the top brand of carpet cleaning products for professionals. We can help you get big results with your Hoover or other small machine. Larger machines will perform like truck mounts. Call us and we will explain the technique made possible by the unique action of Chemeisters Grease Eraser®. Costs less to use and it is the number one professional carpet cleaning product.

Trash Dumpsters

Mix 16 oz. to each gallon of water and spray liberally over all areas using a tank sprayer or hose sprayer attachment.

Cat Odors

You probably know that cat odors can be very difficult because it soaks so deep at the room edges. The technique is very important here. Let us help you with your unusual odor problems.

Directions to quickly neutralize cigarette smoke and other strong odors

Mix 4 oz. to each quart of water and mist over every surface where odor-causing molecules might be. Including laminates, bathrooms, windowsills, lamps, furniture, etc. Also mist onto carpet, draperies and fabrics around the room. On contact, ProLimiterator causes a change in the molecular structure of any organic source to instantly stop odor.

Deodorize laundry

Mix 4 oz. of ProLimiterator to each full load of wash.

Hard surface floors

Mix 4 oz. of ProLimiterator to each gallon of mop water or automatic scrubber solution.

Each concentrated gallon makes 8 plus gallons of ready to use
